

# VFC Fixed Fire Boilers

*Fixed Fire Ratings of 90, 130, & 160 MBH*

- 92% AFUE  
97% @ 60°F return  
90% @ 160°F return
- stainless steel heat exchanger
- direct vent with ABS or PVC
- brushless DC fan
- silent operation
- small footprint
- low emissions

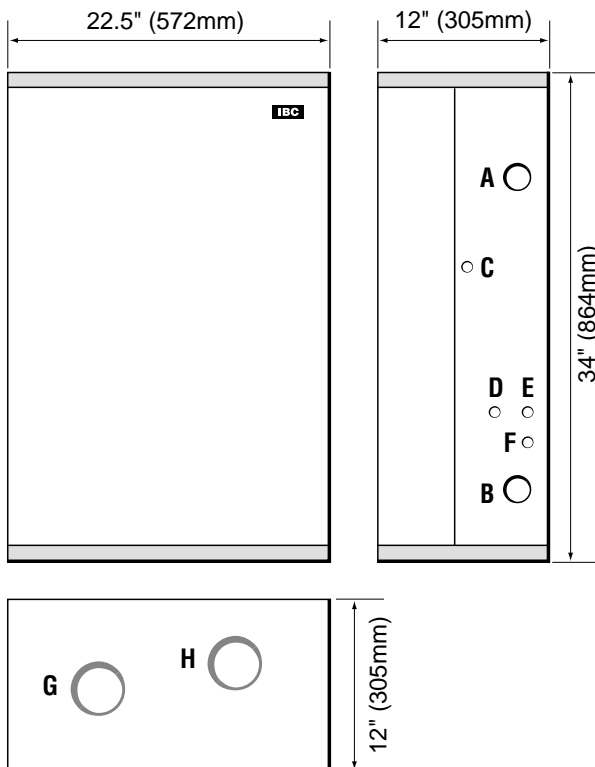

Power Supply/Connector Bus

*Technologies*

- *Stainless steel ASME heat exchanger*
- *ABS or PVC venting – up to 90' equivalent length*
- *Installation cost saving opportunities through elimination of mixing valve; can operate with water temperatures from snowmelt to 180°F*

CONNECTIONS		
	Description	Size
A	Water Outlet	1" NPT
B	Water Inlet	1" NPT
C	Gas	1/2" NPT
D	Thermostat	3/4" opening
E	Electrical Power	3/4" opening
F	Pump Lead	3/4" opening
G	Exhaust	4" opening
H	Combustion Air	4" opening
